“How to Design and Publish Your First eBook”

On sale on Amazon and other major online retailers, ISBN: [978-1609650100](https://www.amazon.com/dp/9781609650100). Also available from [First Run Publishing Bookstore](https://www.firstrunpublishing.com/).

I go into detail about the layout of the ISBN, how the metadata is stored and how to validate an ISBN barcode. It's too complex to go into on a podcast. The ISBN metadata list the Publisher or Self-publisher, Book Title, Format (trade paperback, hardcover or digital), number of pages or file size, retail price, wholesale discount price and book cover. Everything the retailer and distributor needs in in the ISBN metadata.
